2.2 Board Members

(a) Appointment

- (i) Members of the Board are appointed or elected (as applicable) in the terms of the Company's Constitution.
- (ii) Although the election of Board members is substantially the province of the shareholders in general meeting, the Company commits to the following principles:
 - (A) The Board has an appropriate number of independent non-executive directors who:
 - are the majority of the Board (subject to paragraph 2.2(d)(vi));
 - can challenge and hold management to account;
 - can represent and act in the best interests of the Company;
 - maintain credible accountability to the Company's security holders (as a whole), regulators and stakeholders (as appropriate);
 - (B) The Board is of sufficient size so that the requirements of its business can be met, and succession changes to the composition of the Board and its Committees can be managed, without undue disruption.
 - (C) The Board is not so large as to be unwieldy.
 - (D) The Board comprises Directors with a blend of skills, experience and attributes appropriate for the Group and its businesses.
 - (E) The principal criterion for the appointment of new Directors is their ability to add value to the Group and its businesses.
 - (F) The Board respects and values the benefit of diversity (including skills, experience, perspective, gender, culture, age and otherwise) in order to enhance the probability of achievement of the Group's objectives.
 - (G) All Board members respect the role of the Nominations Committee with respect to Board succession planning.
- (iii) The Company should undertake appropriate checks (e.g as to character, experience, education, criminal record and bankruptcy history) before putting a prospective Director forward for candidacy for election or appointment.
- (iv) The Company should provide its security holders with all "material information" in its possession relevant to a decision as to whether or not to elect or re-elect a director. "Material information" includes but is not limited to:
 - biographical details (including relevant qualifications, skills and experience);
 - details of any other material directorship currently held by the person;
 - a statement by the Board as to whether it supports the election or re-election of the person and a summary of the reasons why;

- a statement by the Board as to whether or not it considers the person qualifies as an “independent director”;
 - any other material information known to the Company and which the Board considers is likely to be material to the security holders’ decision whether or not to elect or re-elect the person;
 - for candidates standing for election for the first time:
 - material information arising from the checks the Company has conducted under 2.2(a)(iii) above;
 - any material information of concern revealed by the checks under 2.2(a)(iii) above;
 - any prospective material conflict of interest, relationship or material circumstances that may influence or impact, in a material respect, the person’s capacity to bring independent judgement and act in the best interests of the Company as a whole;
 - for directors standing for re-election, the term of office currently served by the Director;
- (v) The candidate for appointment/election/re-election as a Director should provide the Board/Nominations Committee with:
- all requisite information referred to in 2(a)(iv) above;
 - consent(s) for the Company to conduct background checks referred to in 2(a)(iii) above;
 - details of his/her other material business and other commitments that may materially intrude upon the time the candidate has available in the performance of his/her role as a Director;
 - an acknowledgement that he/she has sufficient time available to commit to the Company and fulfil his/her responsibilities as a Director.
- (b) Agreement by Board Members
- (i) Upon or prior to their anticipated appointment, Board members are to be issued a formal letter of appointment (for signing and acceptance by them personally at the time of their appointment) covering matters such as those set out in Appendix A11.
 - (ii) By accepting appointment to office, the Board member agrees to subscribe to and be bound by the Constitution and this Charter including its Appendices.
 - (iii) Although Board member’s appointments are personal to the Board member, and without limiting the requirements of paragraphs 2.2(c)(i) and (ii), the provisions of this paragraph do not necessarily preclude the Company entering into an agreement with a bona fide professional services entity for that entity to provide or make available the services of the Board member as a Director of the Company.
 - (iv) Should any information provided by a Director under Section 2.2(a)(v) be false or incorrect in any material respect, then that Director undertakes to immediately tender that resignation as a Director if so requested in writing by the Board.
- (c) Access and Indemnity Deed and D&O Insurance
- (i) The Company will execute with each Board member a deed of access and indemnity in such reasonable industry accepted form settled by the Company’s lawyers and/or approved from time to time by the Board.
 - (ii) The Company will arrange for the benefit of each Board member, subject to cover availability at commercially acceptable premiums to the

reasonable satisfaction of the Board, a policy of directors' and officers' insurance in such reasonable industry accepted form approved by the Board having regard to advice taken from the Company's insurance brokers and/or lawyers (if and as applicable).

(d) Board Member "Independence"

- (i) An independent Board member operates independently of both executive management and a substantial security holder(s), and free of any interest, position or other relationship (personal, business or otherwise) that might materially influence, or could reasonably be perceived to materially influence, their capacity to exercise their unfettered and independent judgment on issues before the Board, and to act in the best interests of the Company as a whole, rather than those of an individual security holder or other person.
- (ii) Independent Board members accordingly assist in ensuring that the Board and the Group operate in the best interests of the Company as a whole having regard to the goals and objectives of the Company.
- (iii) The assessment of whether a Board member is independent is a matter of judgement for the Board and includes concepts of materiality. In making that judgement the Board may have regard to, but need not be bound by, the Recommendations as to director "independence".
- (iv) All Board members and candidates for appointment as a Board member are required to disclose to the Board and the Nominations Committee (via the Secretary) any interest, position, association, relationship or information (and any changes thereof) which may be relevant or material to that assessment.
- (v) The Board, or the Nomination Committee, should regularly (at least annually at or around the time candidates for Board election or re-election are considered) and whenever a material change occurs to a Director's interest, position or other relationship which may impact upon their independence, assess the independence of each non-executive Director including whether in the opinion of the Board their length of service as a Director has impacted upon their independence.
- (vi) The Chair, and at least a majority of Directors, should be independent, unless special circumstances exist, are disclosed and are approved of by the Board as an exception to this requirement.
- (vii) The Company will disclose in its annual report or on its web-site:
 - the names of its Board members considered by the Board to be "independent";
 - if the Board considers a Board member to be "independent" but they have an interest of the type set out in Recommendation Box 2.3, an explanation as to why the Board considers them "independent";
 - the length of service of each Board member;
 - if the Board determines that a Board member's previously assessed and disclosed "independence" has changed.

(e) Board Member "Independent Professional Advice"

- (i) the Board member must seek the prior approval of the Chair (or Deputy Chair/senior independent Director as appropriate having regard to the relevant circumstances);

- (f) Board Member Availability
- Non-executive Directors must inform the Chair and the chair of the Nominations Committee before accepting any new appointment as a director of another listed entity, and any other material directorship or any other position with a significant time commitment attaching to it that might reasonably intrude from time to time on the ready availability of the Director in performing his/her responsibilities as a Director of the Company.
- (g) Board Members – “Board Skills Matrix”
- (i) The Board will periodically undertake and/or review a “board skills matrix” (or similar exercise) to make sure the skills and experience of the Board reasonably cover those skills and experience that the Board believes are needed to address existing and emerging business and governance issues relevant to it.
 - (ii) The Company will disclose on its web-site or in its annual governance statement the mix of skills that the Board currently has and/or is looking to achieve in its membership.
 - (iii) Information to be disclosed need only be collective information across the Board as a whole without identifying the presence or absence of particular skills or experience by a particular Director. 1. Introduction

The Board is responsible for the preliminary appointment of the external auditor which is to be ratified by shareholders at the next annual general meeting.

The Board's Audit Committee ("**Committee**") is delegated the task to meet and determine the process by which the auditor should be selected eg. by way of a formal tender or some other method.

The Committee conducts the selection process and recommends a preferred external auditor to the Board. The Board may endorse the external auditor recommended by the Committee and appoint him/her. Alternatively the Board may wish to review the recommendation of the Committee.

At the request of the Committee, the CFO and/or CEO may assist the Committee in the selection and appointment process including by proposal of an external auditor, together with a written supporting submission.

2. Tender

(a) Request for submissions

If the Committee elects to undertake a tender process, the CEO or CFO will prepare or cause to be prepared a draft request for submissions that will be reviewed for approval by the Committee (with such changes as it considers appropriate).

The request should contain sufficient information to enable a proposal and fee estimate to be given to the Company. The request should include information about the Group, its operations, its key personnel, its structure, its financials and any other relevant information.

The CEO or CFO may arrange for candidates to meet with a selection panel appointed by the Committee.

The external auditor and the CFO will be required to disclose to the Committee all such issues of material significance and all matters of disagreement, whether resolved or unresolved.

(d) Non-audit work

A candidate must detail its approach to the provision of non-audit related services to the Group. Generally such work should be at most not be material so as to compromise the independence of the auditor.

If proposed otherwise, the Committee must consider the circumstances in which the Company might use the external auditor for non-audit services. Matters to be considered include the extent, scope and potential value of non-audit fees and any circumstance where the external auditor may be required to review and rely upon work conducted by it in a non-audit capacity.

The scope of non-audit work must not be allowed to impinge upon the external auditor's independence (refer also paragraph 4 below).

(e) Other matters

The selection criteria may include such other matters as the Committee thinks fit.

4. Policy on audit and non-audit services

The Committee adopts the following policy concerning the circumstances in which the Company may use the external auditor for other services:

 - **(standing notice)** a director of a Group entity may give standing notice of an interest, including before the interest becomes a material personal interest (refer to section 192 of the Corporations Act);
 - **(participation)** the ability of a director to participate in the board meeting at which the matter will be considered and to count towards the quorum of that meeting will be governed by the Group entity's constitution.

- **(generally)** special rules apply to such entities in addition to the references in sections 4.1 and 4.2 of this policy document.
- **(restrictions on voting and being present)** a Director of the Company who has a material interest (personal or otherwise) in a matter being considered at a Board meeting must not:
 - be present while the matter is being considered or deliberated;
 - vote on the matter;

unless S.191(2) of the Corporations Act excuses the need to disclose the interest or any the following 3 paragraphs apply:

- **(participation with Board approval)** the other Directors who don't have a material interest pass a resolution identifying the relevant Director (and the extent and nature of his/her interest and its relation to the affairs of the Company) and stating they are satisfied the relevant Director should not be disqualified from being present and voting; or

5.1 Listed in 5.2 following are examples of circumstances which are likely to give rise to a Board Member having a conflict of interest or prospective conflict of interest (**Relevant Circumstance**) but excluding a circumstance, event or conflict arising only from the Board Member (or a Related Party – refer paragraph 5.3 following):

- being a member of the Company;
- being a routine customer or recipient of goods or services from a Group entity in the ordinary course of the Group's operations;
- holding a position of office in a Group entity;

5.2 Non-exhaustive examples of Relevant Circumstances include:

- a Board member or a Related Party has a direct or indirect pecuniary interest in a contract or proposed contract with a Group entity;
- a Board Member or a Related Party holds an office in an entity with which a Group entity may have dealings;
- a Board Member or a Related Party has an investment in an entity with which a Group entity may have dealings, other than a mere portfolio investment where investment discretion substantially resides with a third party(s);
- any other transaction or circumstance affecting a Group entity where the Board Member (acting in good faith with objectivity and reasonableness) may believe that they might not be able to exercise independent judgement with impartiality in the best interests of the Group entity.

5.3 For the purpose of this policy a **“Related Party”** refers primarily to a Board Member's spouse or other “close” family member (depending upon the circumstances without prescriptive intent) or other corporate, trust or nominee entity, or person over whom the Board Member or other persons as aforesaid may substantially exercise control or influence.

- 5.4 Each Board Member must give notice in writing to the Company Secretary of the nature and extent of each Relevant Circumstance as soon as he or she becomes aware of it (or in the case of the Company Secretary, to the CEO and Chairman). If such notice is not given prior to the Board meeting at which a matter will be considered which relates to the Relevant Circumstance, the Board Member must declare the Relevant Circumstance to the Board meeting prior to the matter being considered.
- 5.5 The Company Secretary should cause every notification or disclosure of a Relevant Circumstance to be recorded in a Register of Relevant Circumstances – Conflicts of Interest of Board Members ("**Register**") to be maintained by the Board (under the control of the Company Secretary) and which Register is to be available for inspection at any time on request, and is to be brought to the attention of Board meetings when business of the meeting may impinge or touch upon a Relevant Circumstance.
- 5.6 It is the obligation of each Board Member to ensure that the particulars in the Register with respect to themselves are current, complete and accurate in all material respects.
- 5.7 It is the obligation of the Company Secretary periodically (at least annually) to enquire of the Board Members if there should be any variations to the Register.
- 5.8 Unless there be special reason to the contrary (in the interests of the Group entity and for efficiency of meeting process), as determined by the person presiding at the meeting and with the agreement of all the remaining Board Members not affected by the Relevant Circumstance, the affected Board Member shall absent himself or herself from the Board meeting whilst the meeting considers, deliberates and votes on any relevant matter for which an affected Board Member may be affected by a Relevant Circumstance.
- 5.9 The person presiding at the meeting may request the affected Board Member to address the meeting preliminary to the relevant subject matter being under consideration and to respond to specific queries at the meeting, but the Board Member shall not be under any obligation to so address or respond if the affected Board Member considers it inappropriate to do so.
- 5.10 In particular, each Board Member affected by a Relevant Circumstance may not take part in any deliberations, decisions or voting on a matter at a Board Meeting in which the Relevant Circumstance gives rise to a conflict of interest of the Board Member, subject to any exceptions referred to in paragraph 4 above.

6. Board Committee Meetings

3. This policy objective will be enhanced by implementation, throughout all parts of the Group, of an effective risk management program including the following:
 - Identifying and monitoring of issues that may impede the goals, objectives and performance of the Group;

4. The Board is responsible for setting the Company's appetite for risk(s), and tolerance for risk(s) (as appropriate), overseeing the Group's risk management framework and satisfying itself that the framework is sound.
5. Responsibility for risk identification and for establishing and maintaining effective risk management strategies and practices, in the context of and within the Company's appetite and tolerance for risk(s) set by the Board, rests with the CEO and senior management, accountable to the CEO and the relevant Committee of the Board with responsibility for such matters.
6. The Group's risk management framework should be based on an appropriate industry accepted standard such as AS/NZS ISO 31000 2009 series (or similar) with such adaptation (as appropriate) having regard to the Group's particular needs.

B6. Policy on the Trading of Company's Securities

1. General Principles

The principle behind this policy on trading (buying, selling or other dealing in) Company securities (being shares, options, or any other equity, debt or derivative instruments, including instruments to limit the economic risk of other securities held), is as follows:

- (a) Directors, officers and employees, and persons associated with them, including family members and business associates (together “**Insiders**”), must not trade in the Company’s securities nor place themselves in a position where it may reasonably be perceived they have been trading in the Company’s securities other than in compliance with this policy.
- (b) The policy is designed to seek to ensure that:
 - Insiders do not breach “insider trading” laws under the Corporations Act (See Annexure B6(1));
 - Insiders do not trade Company securities while they may be in possession of market price sensitive information which has not been released to the ASX announcements platform by the Company (including due to exceptions that may apply to the need to release that information);
 - perceptions cannot arise that Insiders may be taking advantage of their position in the Group (or that of a person with whom they are associated), even if such perceptions are wrong or unsubstantiated.
- (c) This policy has been made to meet regulatory requirements and generally accepted principles and standards of conduct.

2. Implementation Protocols

In implementing this policy, and without limiting the General Principles in 1 above, there are a number of rules and provisions that must, at all times, be followed:

- (a) Directors, officers and employees of the Group and persons associated with them (ie: ALL Insiders) are prohibited from trading in the Company’s securities other than in conformity with this policy.
- (b) A Director, and the Company Secretary, and persons associated with any of them, are required to ensure that there is an approval in the terms of this policy (“**Dealing Approval**”) in respect of a proposed trade in the Company’s securities prior to any trade by them.
- (c) A Dealing Approval is an approval by the Chair (or in his/her absence the Deputy Chair or CEO, although the Chair, Deputy Chair or CEO cannot grant a Dealing Approval to themselves or to persons associated with them) which is to be provided in writing, and which in the absence of any stipulated period in the Dealing Approval is valid for a period of no longer than two weeks. The issue of a Dealing Approval is to be reported at the following Board meeting. A Dealing Approval also includes a written approval by the CEO to a dealing in the Company’s securities by an officer/or employee as referred to in paragraph (e) below.
- (d) The Chair is required to obtain the Dealing Approval of the Deputy Chair, or the CEO and one other non-executive Director, prior to any trade by the Chair or a person associated with the Chair.

- (e) Officers (being persons who have the capacity to make decisions that may significantly impact on the operations or finances of the Group's businesses, other than the Chair, Directors and the Company Secretary) and employees are required to discuss and obtain approval for a proposed trade in the Company's securities with the CEO (or in his/her absence the Company Secretary) prior to any trade by them or a person associated with them. The CEO (or in his/her absence the Company Secretary) will consult with the Chair before issuing a Dealing Approval.
- (f) The periods referred to in a Dealing Approval under (c), (d) and (e) above may be shortened at any time by a person authorised to issue a Dealing Approval by notice in writing to the relevant person to whom the Dealing Approval was issued.
- (g) All trades by Insiders are to be advised to the Company Secretary within two days of the relevant trade.
- (h) Directors, officers and employees are required to use their best endeavours, wherever possible, to ensure that persons associated with them are aware of and conform to this policy. An associate is regarded as including:
 - close family member of the Director, officer or employee;
 - a company or trust over which the Director, officer or employee has control or material influence, or is a beneficiary;
 - a business or other associate of any of the foregoing.
- (i) Any Dealing Approval issued under this paragraph 2 is deemed to have been given during a declared Trading Window (refer 3 below)
- (j) Persons seeking approval to trade Company securities under this paragraph must apply in writing and must supply to the person to give the Dealing Approval all information known to the applicant that may be material to the approval being granted.

3. Trading Windows, Prohibited Periods and Closed Periods

- (a) The following definitions apply:

"Closed Period" means 1 January to 31 December inclusive each year but does not include a period declared to be a Trading Window.

"Prohibited Period" means any period in which the Company is in possession of information that would be disclosable to the market under ASX Listing Rule 3.1 but for the application of, and reliance upon, an exemption allowed under ASX Listing Rule 3.1A.

"Trading Window" means a period in which a Dealing Approval applies (either generally or specific to any particular Insider) provided that the Chair (or the Deputy Chairman or CEO as applicable) may at any time, by notification in writing to relevant Insiders personally, or on the Company's web-site, "close" a declared Trading Window. Trading Windows must not be declared or allowed to continue during a Prohibited Period. Without limitation, typically Trading Windows might be declared for periods commencing 2 business days after:

 - the release of the Company's annual, half yearly results or quarterly reports (as applicable);
 - the release of a prospectus by the Company (other than a transaction specific prospectus);
 - the Company's AGM;
 - other times at the Chair's discretion.
- (b) During Closed Periods trading in the Company's securities by Insiders is prohibited other than pursuant to a Dealing Approval.
- (c) During Prohibited Periods, no trading in the Company's securities by Insiders is permitted.

4. Dealing Approvals

- (a) Without intruding upon the discretion of the person issuing a Dealing Approval, approval for trading in the Company's securities might commonly be expected where:
- it is not a Prohibited Period;
 - there will be no breach of "insider trading" laws by reason of the proposed trade; and
 - adverse reputational imputations for the Company and its governance are unlikely to arise by reason of the proposed trade.
- (b) Without intruding upon the discretion of the person issuing the Dealing Approval, approval for trading in the Company's securities is unlikely to be given where:
- it is a Prohibited Period; or
 - it is not a Prohibited Period but it is in a period after the close of the Company's books for a relevant period, and before the release of the Company's annual or half yearly results for that relevant period, other than if the approval is to respond to circumstances of financial hardship or personal need for a particular Insider.

5. Compliance with Corporations Act and ASX Listing Rules ("together Regulations")

- (a) This Policy will be interpreted and construed so as to be consistent with all applicable Regulations.
- (b) If anything in this Policy is contrary to the applicable Regulations, then that provision will be severed from this Policy.
- (c) The Company must comply with the Regulations in administering this Policy and in reporting any relevant trading in the Company's securities by Insiders.

6. Exclusions

Subject to paragraph 5, the mere take up of entitlements, or exercise of vested options, to subscribe for Company securities under a pro rata rights issue to all shareholders, an employee share option plan (or similar) or the mere take up of Company securities under a dividend re-investment plan (or similar) does not constitute a "trade" in Company securities for the purpose of this policy.

7. Short Term Trading Prohibited

Each Director, officer or employee, and persons associated with them (ie. ALL insiders), must not engage in short term buying and selling of Company securities. In considering what is "short term" for the purposes of this policy, selling within 12 months of buying securities in the Company is given as guidance. Insiders seeking Dealing Approval to sell securities in the Company should disclose when they last bought securities when seeking a Dealing Approval if that information is relevant in considering whether this paragraph is offended by the proposed trade.

8. Margin loans, margin calls, share loans and other arrangements

- (a) For the purposes of this policy trading in Company securities includes the grant of a security interest over securities in the Company and any other contractual arrangement whereby:
- (i) an entitlement to exercise a right attaching to Company securities of an Insider is assigned to or is exercisable by another party;
 - (ii) an Insider may become contractually obliged to a third party to trade in the Company securities including but not limited to margin call arrangements.
- (b) Trading in Company securities by Insiders in the terms of paragraph (a) is not permitted other than with a Dealing Approval.

- (c) A Dealing Approval under paragraph (b) should not be expected to be given to an Insider having regard to the risk of a forced trade in Company securities as part of the arrangement during a Prohibited Period, and the legal and market reputational risk arising by reason thereof.

9. Communication of Policy/Education and Training

This policy is to be communicated to all Directors, officers and employees of the Company, and periodically reinforced by follow up education and training as part of the Company's corporate governance policies and procedures.

In particular this policy is to be communicated to new personnel of the Company as part of their induction training.

A copy of this policy should be included on the Company's web-site along with its Corporate Governance Charter and related policy statements.

Annexure B6(1) - Summary of the insider trading provisions

1.1 Prohibition

Insider trading is a criminal offence. It may also result in civil liability. In broad terms, a person will be guilty of insider trading if:

- (d) that person possesses information which is not generally available to the market and, if it were generally available to the market, would be likely to have a material effect on the price or value of the Company's securities (ie, information that is 'price sensitive');
- (e) and that person:
 - (i) buys or sells securities in the Company; or
 - (ii) procures someone else to buy or sell securities in the Company; or
 - (iii) passes on that information to a third party where that person knows, or ought reasonably to know, that the third party would be likely to buy or sell the securities or procure someone else to buy or sell the securities of the Company.

1.2 Examples

To illustrate the prohibition described above, the following are possible examples of price sensitive information which, if made available to the market, may be likely to affect materially the price of the Company's securities:

- (a) the Company considering a major acquisition or disposal of assets;
- (b) the threat of major litigation against the Company;
- (c) the Company's sales and profit results materially exceeding (or falling short of) the market's expectations;
- (d) a material change in debt, liquidity or cash flow;
- (e) a significant new development or project proposal ie, new product, project or technology;
- (f) the granting (or loss) of a major contract;
- (g) management or business restructuring proposal; and
- (h) a share issue proposal.

1.3 Dealing through third parties

A person does not need to be a Director, officer or employee of the Company to be guilty of insider trading in relation to securities in the Company. The prohibition extends to dealings by Directors, officers and employees through nominees, agents or other associates, such as family members, family trusts and family companies.

1.4 Information however obtained

It does not matter how or where the person obtains the information – it does not have to be obtained from the Company to constitute inside information. (eg. even if the Director, officer or employee overhears it or is told in a social setting).

1.5 Confidential information

Directors, officers and employees also have a duty of confidentiality to the Company. A Director, officer or employee must not reveal any confidential information concerning the Company, use that information in any way which may cause loss to the Company, or use that information to gain an advantage for themselves or anyone else. Directors, officers and employees should ensure that if confidential information is legitimately required to be provided to external advisers that they are also aware they have a duty of confidentiality to the Company.

B7. Continuous Disclosure/Release of Price Sensitive Information

1. Policy Purpose

- (a) To ensure compliance with the requirements of the Corporations Law and the ASX Listing Rules relating to continuous disclosure of information that is known (or deemed to be known) to the Company and that a reasonable person would expect to have a material effect on the price or value of the Company's securities (subject to certain exceptions in ASX Listing Rules 3.1A, "**Price Sensitive Information**" or "**PSI**"), by establishing internal procedures for the identification, collection, monitoring and dissemination of that information.
- (b) To ensure the Company has in place mechanisms designed to ensure compliance with ASX Listing Rule 3.1 and Corporations Act S.674 requirements such that:
 - all investors have equal and timely access to material information concerning the Company – including its financial situation, performance, ownership and governance;
 - Company announcements are factual and presented in a clear and balanced way. "Balance" requires disclosure of both positive and negative information.
- (c) To safeguard confidentiality of Group information to avoid premature disclosure.

2. Regulatory Requirement

As a listed public company, the Company is, subject to certain exceptions, required to immediately advise the ASX once it is aware of any Price Sensitive Information.

3. Designated Information Officer

- (a) To ensure compliance with this requirement, the Company appoints the Company Secretary as its designated information officer ("**DIO**") to oversee and coordinate the disclosure of PSI.
- (b) The DIO, with guidance of the CEO and in liaison with the Board, must introduce protocols and procedures to be observed by the Group's personnel to foster compliance with this policy and its purpose.

4. Disclosure Procedure

- (a) Directors, officers and employees must maintain confidentiality of corporate information to avoid premature disclosure of PSI.
- (b) All Directors, officers and employees are required to forward details of any potentially likely PSI to the DIO.
- (c) The DIO is to be made aware, in advance, of proposed information disclosures by the Group which may have PSI connotations (including information to be presented at investor or market briefings) to enable consideration to be given of the requirements of this policy.
- (d) Subject to paragraph (e), any proposed announcement of PSI for release to the ASX is required to be approved by any 2 of the Chair, the CEO and Company Secretary, or in urgent circumstances by the Chair or the CEO.
- (e) It is acknowledged that in circumstances of urgency where neither the Chair nor the CEO are readily available, and regulatory and legal obligations nevertheless arise for the Company to respond to PSI, the DIO has authority on his/her own initiative and discretion to make a circumspect release to the ASX and/or to apply to the ASX for a trading halt in the Company's securities.

5. ASX Announcements

- (a) Any PSI must first be released to the ASX Announcements Platform (electronically or via fax if the email system is not operating) before being released to the media or any other outlet (public or private).
- (b) A copy of all releases reported on the ASX concerning the Company should be emailed or forwarded to the CEO and Directors immediately.
- (c) Only after public release of the information through the ASX can the information be disclosed to analysts, the media or others outside the Company.
- (d) Following confirmation of lodgement from the ASX, the announcement promptly is to be placed on the Company's web-site and, after a reasonable period (to allow the market to digest the information now disclosed to the public generally on the ASX Announcements Platform), may then be sent to various media outlets, analysts and others.
- (e) Wherever a new or substantive investor or analyst presentation is given by the Company, a copy of the presentation materials will be released on the ASX Announcement Platform before the presentation is given or released.

6. Brokers/Analysts, Media and Others

- (a) Only authorised spokespersons for the Company may speak on the Company's behalf. Approaches by brokers/analysts, media or shareholders to non-authorised spokespersons should be referred to the Company Secretary for on reference to the CEO and/or Chair.
- (b) When an authorised spokesperson is responding to a financial projection and/or report of a broker/analyst or other person, that spokesperson must confine their comments solely to information and underlying assumptions that have been released by the Company to the ASX Announcements Platform, or that are clearly in the public domain.
- (c) Any guidance in terms of earnings forecasts can only be given if the Company has publicly announced an earnings projection and the response is in the terms of that projection.
- (d) Following any broker/analyst or other briefing, the Company's personnel involved should review their presentation to check whether any PSI was inadvertently disclosed. If there has been an inadvertent disclosure made during the briefing, the procedure detailed in this policy under the heading "Inadvertent Disclosure, Leaks and Rumours" should be followed.
- (e) No Director, officer or employee, other than an authorised spokesperson, is to discuss any business or affairs of the Company with any media representative unless authorised in a specific instance. A Director, officer or employee contacted by a media representative must immediately refer that representative to one of the authorised spokespersons or the Company Secretary.

7. Inadvertent Disclosure, Leaks and Rumours

- (a) In the event of an inadvertent disclosure of Price Sensitive Information, a public announcement is to be prepared, approved and lodged as soon as practicable with the ASX to ensure all investors are equally informed in a timely manner.
- (b) In the event of an inadvertent disclosure of confidential non-Price Sensitive Information, that event should be referred to the Company Secretary for consideration by the CEO and/or Chair as to the appropriate action as soon as possible.
- (c) When rumours are present or when there is material risk of the emergence of a false market in the Company's securities, the Company Secretary, the CEO and the Chair in consultation with one another (as available), will determine an appropriate course of action and implement measures having regard to the specific facts of the situation and the Company's continuous disclosure obligations.

8. Authorised Spokespersons

The authorised spokespersons for the Company are:

- the CEO;
- the Chair; and
- such other persons as specifically designated by the CEO and the Chair, including with respect to any limitation of scope of authority.

9. Policy Responsibility

The Company Secretary is responsible for the implementation, operation and monitoring of this policy, in particular by:

- ensuring that the Company complies with continuous disclosure requirements;
- overseeing and coordinating disclosure to the ASX, analysts, brokers, shareholders, the media and the public;
- educating Directors, Officers and employees on the Company's disclosure policies and procedures and raising awareness of the principles underlying continuous disclosure;
- ensuring there are vetting and authorisation processes designed to ensure that Company announcements:
 - are made in a timely manner;
 - are factual;
 - do not omit material information;
 - are expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions;
- ensuring that each Board member receives a copy of all material market announcements promptly after they have been made.

B8. Board and Management Performance Enhancement Policy

- (c) The Company commits to developing a regime by which opportunities for the professional development of its Directors and key executives can be identified and made available.
- (d) The Company should provide allowance in its annual budget for this purpose.

- (b) Attachment 2 to this policy sets out the Company's standard process for Board, Committee and director evaluation.
- (c) Attachment 3 to this policy sets out the Company's standard process for senior executive evaluation.

6. Role of the Nominations Committee

The Board's Nominations Committee, in consultation with the Chair and the Company Secretary, is assigned primary responsibility for strategies and processes to be developed and implemented to achieve the general purpose and principle in this policy.

7. Disclosure of Outcomes of Evaluation and Reviews

Subject to prudential discretions vested in the Board on account of confidentiality and commercially sensitive information, the Company should disclose on its web-site any insights gained from its evaluation and reviews of the Board, Committee and individual Directors and any governance changes made as a result of such evaluation and reviews.

ATTACHMENT 2

The Board, Committee and Directors - evaluation protocols

1. Principles

The principles of the evaluation process are:

- integrity of process – actual and perceived;
- assessment to be independent of management;
- process designed to encourage open and constructive discussion;
- agreed and clear goals accepted by all participants;
- confidentiality of identity of each individual director assessment;
- transparency of the evaluation process to assure accountability;
- post evaluation debriefing assessment and follow up;
- evaluation to focus on demonstrable performance, in context of overall Company goals;
- voluntary submission to evaluation by all relevant participants.

2. Participants Evaluation Process

2.1 Selecting an evaluation process and criteria

- (a) The Nominations Committee, in consultation with the Chair, assumes responsibility for recommending to the Board the appropriate evaluation objectives and processes, including the methodology, who will facilitate it, and who will oversee it.
- (b) The Board decides if it accepts the recommendation or if it requires changes.
- (c) Utilisation of external facilitation, from time to time, under the oversight of the Chair can help bring professionalism, objectivity and confidentiality to the process.
- (d) Evaluation criteria should:
 - allow comparison with identifiable objective benchmarks where possible;
 - be relevant to the Company, the Board, the Committees, the Directors and their respective circumstances;
 - be relatively standardised to allow longitudinal analysis, unless circumstances otherwise require;
 - should be capable of reflecting the full scope of relevant endeavour and performance which is consistent with the Company's strategies and goals.

2.2 Generally available types of evaluation processes

- (a) Self-assessment is a common approach. Self-assessment allows ownership of and personal input into the evaluation process.
- (b) Peer review (360° feedback) can be a desirable addition, from time to time, to self-assessment, especially for the role of the Chair. Peer review gives objectivity.
- (c) Other models of evaluation (e.g. external consultant interviews) may be suitable depending on the circumstances and needs.

2.3 Evaluation program

- (a) The cycle for the Company's evaluation and review process or program for its Board, Committees and individual Directors is 3 yearly.

- (b) As an indicative example, discrete elements of the evaluation program may be undertaken each year in accordance with the following process:
- (i) Year 1 – overall governance review and evaluation PLUS individual Director discussions with Chair (as appropriate);

B9. Remuneration Policy

1. Generally

- (a) The Company commits to responsible and transparent processes for remunerating its people.
- (b) This includes adopting effective remuneration governance framework(s) and developing remuneration policies and practices consistent with such framework(s).
- (c) The Company commits to clearly articulating to investors the relationship between remuneration and performance and how it is aligned to the creation of value for the Company and its stakeholders.
- (d) Remuneration is to be market competitive, fair and equitable so as to attract, motivate and retain high quality personnel.

2. Remuneration for non-executive Directors

- (a) The maximum aggregate level of remuneration, inclusive of superannuation entitlements, of non-executive Directors ("Pool") is the subject of shareholder resolution in accordance with the Company's constitution, the ASX Listing Rules and the Corporations Act (as applicable).
- (b) The apportionment of non-executive Director remuneration within that Pool will be made by the Board, including having regard to recommendations of a relevant Board Committee, having regard to industry benchmarking, professional advice (as appropriate), market norms, and the inputs and value to the Company of the respective contributions by each non-executive Director.
- (c) The availability of the Pool does not imply that the Pool needs to be exhausted when setting remuneration for non-executive Directors.
- (d) The Board may award additional remuneration to non-executive Directors called upon to perform extra services or make special exertions on behalf of the Group provided that the Pool is not exceeded, or that such additional remuneration is first approved of by shareholders in general meeting.
- (e) In considering non-executive director remuneration, the Remuneration Committee and the Board need to ensure that incentives for non-executive Directors do not conflict with their obligations to bring independent and objective judgement to matters before the Board.

3. Remuneration for Executive Officers

- (a) In setting the level and composition of remuneration for senior executives (including executive Directors) the Company will balance its desire to attract, retain and motivate high quality personnel with the need to ensure that:
 - (i) their remuneration incentivises them to pursue successful performance outcomes for the Company (both over the short and longer terms) without taking undue risks;
 - (ii) the Company is not paying excessive remuneration.

- (b) The structure of executive remuneration is to be designed to create alignment of the interests of the executive with those of the Company and with the creation of value for the Company and its stakeholders.
- (c) Typically that may include a remuneration structure along the following lines:
 - (i) base salary (including superannuation);
 - (ii) short term incentive (**STI**) or bonus arrangement – typically set as a percentage of base salary with its annual award being at the discretion of the Board measured against the degree of satisfaction of certain key performance indicators (KPIs) set at the beginning of the annual period;
 - (iii) long term incentive (**LTI**) – typically set as a percentage of base salary with its award (or vesting) in due course being in the form of equity, or quasi-equity, measured against the degree of satisfaction of the Company's performance against certain stipulated criteria e.g. relative total shareholder return (**TSR**) against a basket group of comparator companies (and/or) against certain absolute benchmarks (and/or) a hybrid combination of these.
- (d) KPIs for STIs and criteria for LTIs should include a balanced composition, as determined by the Board, of financial and non-financial elements depending on the Company's strategic objectives and circumstances, and the role, responsibilities and performance expectations the Company has of the executive.
- (e) The Company's remuneration is specifically designed to encourage loyalty and longevity of employment as well as aligning the employee's interests with those of the Company and the creation of genuine long term sustainable value for stakeholders. Accordingly the following principles are to be incorporated into remuneration packages for the Company's executives:
 - (i) unvested STIs and LTIs lapsing on the departure of the executive, other than at the discretion of the Board if the departure is on "good leaver" basis or on compassionate grounds;
 - (ii) even if STI or LTI remuneration has vested and been awarded, if the basis upon which the vesting or award has been made proves to be misfounded for any reason whatsoever (including without limitation material misstatements in the Company's financial statements or other data relied upon by which the award was made), then the correct remuneration entitlement is to be determined and any difference promptly repaid or restored by the executive to the Company, or paid or awarded by the Company to the executive, as applicable.

4. Remuneration Guidelines and Approval Authority

5. Equity and risk based remuneration

- (a) To the extent to which any part of remuneration includes an equity component (which expression includes convertible notes, options and any form of derivative instruments emulating equity based risk/reward characteristics) then the employee may not enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of receiving the equity component.
- (b) Key management personnel of the Company, and closely related parties to them, may not enter into arrangements that would have the effect of limiting their exposure to risk relating to an element of their remuneration that either has not vested, or has vested but remains subject to a holding lock.

6. Remuneration Framework(s)

The Board, on recommendation of a relevant Board Committee (as applicable), will develop and/or adopt more detailed remuneration governance framework(s) and practices for its directors, executives, management and personnel generally.
